• Rajkot, Gujarat, India

AI & ML Engineering student passionate about building useful and intelligent solutions. Experienced in Python, Machine Learning, Generative AI, and Cloud technologies, with a focus on solving real-world problems through practical projects.

EXPERIENCE

Google Student Ambassador	2026 – Present
Represent Google programs, organize technical events, and support students in learning Google technologies.	
AI & ML Project Developer – Marwadi University	2024 – Present
Develop AI/ML projects using Python, LLMs, and modern AI tools to solve real-world problems.	
Google Cloud Arcade & Skill Boost Participant – Google Cloud	2025
Completed hands-on labs in cloud computing, AI, Vertex AI, BigQuery, and Compute Engine.	

PROJECTS

Qyverion Desktop app for synchronizing audio playback across multiple Bluetooth devices with low-latency sync and improved stability. Tech: Python, PyQt, PortAudio	Audio Sync Software	Quantum-Ready Cybersecurity System Cybersecurity framework focused on strong encryption, quantum-resistant concepts, and secure communication. Tech: Python, Cryptography	Cybersecurity
AI Voice Detector ML system that detects whether voice content is AI-generated or real using ML models and audio features. Tech: Python, Librosa, Scikit-learn	Machine Learning	CiviX Platform for reporting civic problems – road issues, cleanliness, water supply – to improve citizen-authority communication. Tech: Python, Flask, MySQL, HTML, CSS, JS	Civic Reporting Platform

EDUCATION

B.Tech in Computer Science (AI & ML)
Marwadi University, Rajkot | 2024 – 2028
CGPA: 9.3 / 10 (Current)

LANGUAGES

English
Hindi
Gujrati

TECHNICAL SKILLS

Languages: Python, SQL
Libraries/Frameworks: Scikit-learn, Pandas, NumPy
Web & Tools: HTML, CSS, JavaScript, Git, GitHub, VS Code
Cloud: Google Cloud (Basics), AWS (Basics)
AI/Other: Prompt Engineering, RAG, Jupyter Notebook

CERTIFICATIONS

- Google Cloud Arcade & Skill Boost
- Oracle Cloud Infra. Foundations
- Python Programming
- MS Learn – AI & ML Modules
- AWS Cloud Fundamentals
- Machine Learning Fundamentals
- Google AI Learning Modules
